WEAKER MARGINS, DROP IN JLR CHINA VOLUMES WEIGH

Tata Motors Q3 Net Drops 22%

Our Bureau Mumbai: Tata Motors reported a 22% decline in consolidated net profit for the December quarter, missing analyst estimates, as weaker margins and drop in JLR's China volumes weighed on earnings.

Mixed Bag Tata Motors consolidated earnings table with columns: Q3 FY25, Q3 FY24, % change. Rows: Revenue (1,13,575 vs 1,10,577), Net profit (5,451 vs 7,025), Operating margin (11.81 vs 13.95).

due to a decline in sales in China and underperformance of the India business impacted consolidated earnings. Ebitda margin of the consolidated entity fell to 11.82% from 13.95% in the year-ago quarter.

JLR has given a guidance of 8.4% Ebit margin for FY25 and expects to become net debt free this fiscal. The company sees Q4 to pan out better for both India business and JLR on account of the fourth quarter being a seasonally strong period.

IBBI Tightens Rules for Information Utilities

New Delhi: The bankruptcy regulator on Wednesday amended technical standards guidelines for key services extended by information utilities (IUs), which typically store financial information about stressed firms in electronic databases, to help speed up insolvency resolution.

Trump admin set to push India to ink more defence deals

Rajat.Pandit@timesofindia.com

New Delhi: From fighter jets and armoured combat vehicles to aero-engines and missiles, the Trump administration is set to push India to further crank up military sales from the US, which already stands at well over \$25 billion just since 2007.

President Donald Trump's transactional approach was clearly evident in his phone conversation with PM Narendra Modi on Monday, where he called upon India to increase its procurement of US-origin weapon systems and platforms.

"India will have to negotiate carefully with the new Trump administration. US military technology is certainly top-notch, but it will have to dovetail into our 'Make in India' policy with foreign collaboration at a reasonable cost," an official said.

Trump's push comes barely four months after India inked a \$3.3 billion contract with US for 31 weaponised MQ-9B 'Predator' remotely piloted aircraft, along with another \$520 million contract with drone-manufacturer General Atomics to set up an MRO facility here. But that was during the last days of Biden govt. Trump will want his own pound of flesh in terms of big deals.

There are, of course, the ongoing techno-commercial negotiations, which began last month, for co-production of the American General Electric F414-INS6 aero-engines with Hindustan Aeronautics Limited (HAL) in India for Tejas Mark-II fighters. The deal, which involves 80% transfer of technology of engine parts of the total value, will cost around \$1.5 billion.

The US has also been hard-sel-

Cabinet OKs two deals for Pinaka rocket ammunition

In a boost for the indigenous Pinaka multi-launch artillery rocket systems, the PM-led Cabinet committee on security Wednesday cleared two major deals worth around Rs 10,200 crore for its lethal ammunition. The two deals are for high-explosive pre-fragmented ammunition at a cost of about Rs 5,700 crore and area denial munitions for around Rs 4,500 crore. **TNN**

ling joint manufacture of the latest generation of Stryker armoured infantry combat vehicles (ICVs) as part of the bilateral defence-industrial cooperation roadmap, which was finalised in June 2023.

With the Army projecting a requirement for 527 wheeled ICVs, the US quietly demonstrated the mobility and firepower of the eight-wheeled Stryker, with the Javelin anti-tank guided missiles, in high-altitude Ladakh in Sept, amid some criticism of indigenous options being ignored in the process.

The US is also eyeing IAF's long-standing quest for 114 new multi-role fighter aircraft to be manufactured in India, at an initial estimate of Rs 1.25 lakh crore, with foreign collaboration. With the defence ministry now working to break the logjam over the project, US will be showcasing its F-16 and fifth-generation F-35 fighters at Aero-India in Bengaluru from Feb 10 to 14. The US would like India to also buy another six P-8I long-range maritime patrol aircraft to add to the 12 similar planes it has acquired for \$3.2 billion earlier.

Waqf bill clears JPC, oppn members fire dissent notes

Bill Likely To Be Tabled In Lok Sabha Next Week

TIMES NEWS NETWORK

New Delhi: Paving the way for major changes in the management of waqf properties, the Joint Parliamentary Committee examining the Waqf (Amendment) Bill on Wednesday adopted its report by a 15-11 majority vote. The report will be submitted with the redrafted legislation to Lok Sabha speaker Thursday. The bill is likely to be tabled in LS next week.

Opposition members on the JPC including Congress,

TMC, DMK, AIMIM and Shiv Sena (UBT) submitted their dissent notes to panel chairman Jagdambika Pal as they described the bill as an attack on the "constitutional rights of Muslim community". They also registered their objection to the proposed omission of "waqf by user" clause.

The members also expressed concern over the bill allowing excessive govt interference in the functioning, control and management of waqf properties. They raised objections to the

proposed appointment of non-Muslims on waqf boards.

BJP countered saying the redrafted bill seeks to bring in transparency and accountability in the management of waqf properties. Pal claimed amendments approved by the panel had addressed concerns of opposition members as well. He highlighted that for the first time, 'Pasmanda' (backward) Muslims, poor, women and orphans were included among beneficiaries of waqf, an endowment made by Muslims for charitable and religious purposes.

US exit from WHO will not impact India projects: Nadda

TIMES NEWS NETWORK

New Delhi: Health minister J P Nadda has said the US announcing its exit from the WHO will not impact the ongoing programmes being implemented in India in partnership with the UN agency. "Our projects and programmes will continue. As far as health is concerned, we are not dependent on anybody," Nadda said at a press conference Tuesday on the progress made in the last 10 years under the National Health Mission (NHM). "There are many programmes where WHO partners with us, and there will be no disruption. India is one of the major contributors to WHO."

Highlighting achievements made under the NHM, Nadda said the num-

TIMES VIEW: The number of specialist doctors in rural health centres doubling in the last 10 years is welcome news. The govt should also carry out a feedback study on their quality and availability to get a more nuanced and rounded understanding of the situation.

ber of specialist doctors available under govt programmes has doubled in the last 10 years.

In a big boost to healthcare services in underserved areas, he said, human resources such as medical officers and nurses have also increased significantly under the NHM.

The share of central release under the NHM has seen a 185% growth since 2014, he said. Health is a priority area and finance for this sector has never been an issue for the various programmes run by the Centre, Nadda said, ahead of Union budget Saturday.

Waqf, ONOE bills among 62 likely to be tabled in Budget session

New Delhi: Govt is likely to table 62 bills for introduction and passage in the coming budget session of Parliament. These proposed legislations include Immigration and Foreigners Bill, Official Secrets Bill, PMLA Amendment Bill, Parliament (Prevention and Disqualification) Bill, Banking and Insurance Amendment Bills, Registration of Marriage of NRIs Bill and Higher Education Commission Bill, reports **Dipak Dash**.

As expected, Waqf Amendment and One National One Election bills are also set to be tabled during

the session. The parliamentary affairs ministry has communicated about the proposed bills to be tabled as a part of govt's legislative business to all ministries concerned so that they can take their proposed bills to cabinet for approval.

Sources said, the Immigration and Foreigners Bill is in the priority list of legislative business. The details of the proposed amendment to the 94-year-old Official Secrets Act (OSA) haven't been made public. It may be amended with a modern outlook but without compromising on national security.
